*Holdings are subject to change. Stocks of smaller companies generally will have more risks than those of larger companies, such as greater price volatility, business risk, less liquidity, and increased competitive threat. Investing involves risk, including loss of principal. The Fund uses aggressive investment strategies (including short positions and option) that have the potential for yielding high returns; however, these strategies may also result in losses. Stocks sold short have unlimited risk. Investment return and principal value will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Options are not suitable for all investors.*

*Please consider the investment objectives, risks and charges and expenses of the fund carefully before investing. The fund's prospectus contains this and other information about the fund and is available on the website or by calling (866) 738-3629. Please read the prospectus carefully before investing.*
