### GROWTH OF \$1,000,000<sup>1</sup>

### OVERVIEW

Gator Financial Partners, LLC (the "Fund") is a long/short equity hedge fund focused on the Financials sector. The portfolio is built by performing intensive bottom-up fundamental research on both long and short positions. It is concentrated on the portfolio manager's highest conviction ideas.

The Fund favors small and mid-cap companies and companies with less research coverage from the sell-side. The sector requires specialized knowledge to correctly analyze the companies. Therefore, the portfolio manager believes there are regular opportunities for sector specialists doing fundamental research.

The Fund's goal is to maximize total return while accepting short-term periods of volatility due to the portfolio's concentration.

### ASSETS UNDER MANAGEMENT

Fund AUM	\$68.7 M
Strategy AUM	\$109.0 M
Firm AUM	\$121.2 M

"Strategy AUM" is defined as AUM (both in pooled vehicles and in SMAs) that invest predominantly in securities in the Financials sector. "Firm AUM" is defined as all AUM.

Fund figures include reinvestment of income. Indices are not available for direct investment.

## DISCLAIMER

---

This is not an offering or the solicitation of an offer to purchase an interest in Gator Financial Partners, LLC (the "Fund"). Any such offer or solicitation will only be made to qualified purchasers by means of a Confidential Private Placement Memorandum and only in those jurisdictions where permitted by law. An investment in the Fund is speculative and involves a high degree of risk. Investing involves the risk of loss, including possible loss of principal invested. The Fund may employ leverage, including derivatives. Leverage presents specialized risks. The more leverage used, the more likely a substantial change in value may occur, either up or down.

Opportunities for withdrawal, redemption, and transferability of interests are restricted, so investors may not have access to capital when it is needed. There is no secondary market for the interests, and none is expected to develop.

The fees and expenses charged in connection with this investment may be higher than the fees and expenses of other investment alternatives and may offset profits. No assurance can be given that the investment objective will be achieved or that an investor will receive a return of all or part of his or her investment. Investment results may vary substantially over any given time period. Past performance is not a guarantee of future results or returns.

The market indices shown have been selected for purposes of comparing the performance of an investment in the Fund with certain well-known equity benchmarks. The indices are not subject to any of the fees or expenses to which the Fund is subject and may involve significantly less risk than the Fund. The Fund is not restricted to investing in those securities which comprise any of these indices, their performance may or may not correlate to any of these indices and it should not be considered a proxy for any of these indices. The S&P 500 Total Return Index is a market cap weighted index of 500 widely held stocks often used as a proxy for the overall U.S. equity market. An investment cannot be made directly in an index. The S&P 1500 Financials Total Return Index is a market cap weighted index of financials companies in the S&P 1500 Index. The Fund consists of securities which vary significantly from those in the benchmark indexes listed above. Accordingly, comparing results shown to those of such indices may be of limited use.

The above summary is not a complete list of the risks, tax considerations and other important disclosures involved in investing in a Private Fund and is subject to the more complete disclosures in such Private Fund's offering documents, which must be reviewed carefully prior to making an investment.
